

“You Have Arrived in Hell”: Venezuelans Sent by U.S. to El Salvador Faced Torture, Sexual Abuse

Hi there,

Last week we celebrated 30 years of Democracy Now! at an amazing event with Angela Davis, Bruce Springsteen, Patti Smith, Michael Stipe and other special guests. If you weren't able to attend, please support our work today with a contribution. **Whether you've been with us since 1996 or joined us in the past year, it's viewers and listeners like you that made last week's event so extraordinary and make our daily news hour possible.** Every dollar makes a difference. Thank you so much!
