Take Action: NO Weapons Sales to the UAE Until They End Support for Genocide in Sudan

Are you horrified by the war in Sudan, but not sure what to do about it? Millions in Sudan are hungry, displaced, and living in constant fear of violence.

YOU can make a difference. And it will only take 60 seconds.

The United Arab Emirates (UAE) is providing weapons, money, and diplomatic support to the Rapid Support Forces (RSF) in Sudan. The RSF is committing genocide in Darfur – much as their predecessor, the Janjaweed, did twenty years ago.

The RSF depends on the UAE to fuel its genocidal campaign.

Then why is the United States still selling arms to the UAE, if the UAE then turns around and sends support to the RSF?

We urgently need your help to send a message that there should be NO U.S. arms sales to the UAE until they stop supporting the RSF. Call on your members of Congress **now** to support the **Stand Up for Sudan Act (S.935 and H.R. 2059)**.

The United States can act now to end the war in Sudan. **Ending the UAE's support for the RSF will save countless lives in Sudan.**

Dear recipient's full name will go here,

I am writing as your constituent to urge you to prohibit any weapons sale to the United Arab Emirates (UAE) until they can certify that they are no longer supporting the Rapid Support Forces (RSF) in Sudan.

The U.S. government recently determined that the RSF is committing genocide in Darfur today – much as their predecessor, the Janjaweed, did twenty years ago.

The RSF depends on the UAE to fuel its campaign of genocide.

Please ensure that no U.S. weapons reach the UAE until this ends. Please support the Stand Up for Sudan Act (S.935 and H.R.2059).

Sincerely,
